Comment: I support this development. The addition of such indoor sports facilities will help the mental and physical health of children both at the school and across the community. Currently, unreliable weather forces many children's sports clubs to cancel events and training at weekends because of the limited indoor sports facilities in the area so this new training space will allow children to exercise more during the school week and at weekends. These plans also show the new building has a low visual impact and is in-keeping with the existing buildings of the school. I fully support these plans.
