Appendix C	Proposed Site Plans
Appendix D	Swept Path Drawing
Appendix E	Local Bus Information

1.0 Introduction

- 1.1 Patrick Parsons has been appointed by LB Richmond Upon Thames to prepare a Transport Statement to accompany a planning application for the proposed demolition of the Caretakers house and the erection of a two-storey school offering special resource provision for up to 14 pupils, at 32 Cross Street, Barnes, London, SW13 0QQ. The Site Location Plan is included at **Appendix A**.
- 1.2 London Borough of Richmond upon Thames is the Highway Authority and the Local Planning Authority.

Proposed Development

- 1.3 The development proposals are for the demotion of the existing Caretakers house and the erection of a two-storey special resource provision school with an associated minibuss parking / drop-off bay. The Existing Site Plan is included at **Appendix B** and the Proposed Site Plans are included at **Appendix C**. The school will work closely and form part of the existing Barnes Primary School, located on Cross Street, very close to the site. Barnes Primary School currently caters for reception to year 6 pupils.
- 1.4 The remainder of this report contains the following chapters:
- **Chapter 2** considers current and relevant policies at national and local levels which underpin the development of the site from a transport and highways perspective
 - **Chapter 3** provides a description of the existing site, surrounding highway network, existing access;
 - **Chapter 4** details the development proposals, proposed access, car and cycle parking strategy and servicing arrangements;
 - **Chapter 5** assesses the trip generation from the proposed development and its impact on the surrounding highway network;
 - **Chapter 6** details the sustainable transport accessibility in relation to the application site;
 - **Chapter 7** summarises and concludes the findings of the report.

2.0 Planning Policy

2.1 This chapter provides an overview of national and local policies for land use and transport that are relevant to the proposed development. These are:

- Transport White Paper – Creating Growth, Cutting Carbon (January 2011);
- National Planning Policy Framework (July 2019);
- London Borough Of Richmond Upon Thames Local Plan (July 2018)
- Local Implementation Plan Road and Transport (June 2019)

Transport White Paper - Creating Growth, Cutting Carbon (January 2011)

2.2 Creating Growth, Cutting Carbon’ sets out the Government’s objectives for a greener and safer transport network that encourages economic growth and improves quality of life for communities.

2.3 The White Paper encourages the implementation of sustainable local transport systems and aims to remove the previous top-down approach to transport planning. Local Authorities will have the power to implement and tailor transport systems and schemes based on local needs and behaviour.

2.4 The economic aims of the White Paper can be achieved by increasing access to employment and services, reducing carbon emissions, increasing public transport accessibility, and as a by-product, increasing the number of people using safer transport methods with wider health benefits.

2.5 The White Paper notes the key role of travel planning in achieving the Government’s objectives, as set out below:

2.6 “The Government wants to encourage and enable more sustainable transport choices. [...] In transport terms, this might be exemplified by reducing unnecessary signs, posts, and other street clutter to improve road safety and encourage walking, by travel planning, or by presenting information in such a way as to encourage choice”

National Planning Policy Framework (NPPF) (July 2019)

2.7 The revised National Planning Policy Framework sets out the Government’s planning policies for England and how these should be applied. It provides a framework within which locally prepared plans for housing and other development can be produced.

2.8 With regards to Promoting Sustainable Transport NPPF states:

Para 102

- 2.9 Transport issues should be considered from the earliest stages of plan-making and development proposals, so that:
- a) the potential impacts of development on transport networks can be addressed;
 - b) opportunities from existing or proposed transport infrastructure, and changing transport technology and usage, are realised – for example in relation to the scale, location or density of development that can be accommodated;
 - c) opportunities to promote walking, cycling and public transport use are identified and pursued;
 - d) the environmental impacts of traffic and transport infrastructure can be identified, assessed, and taken into account – including appropriate opportunities for avoiding and mitigating any adverse effects, and for net environmental gains; and
 - e) patterns of movement, streets, parking, and other transport considerations are integral to the design of schemes and contribute to making high quality places.

Para 103

- 2.10 The planning system should actively manage patterns of growth in support of these objectives. Significant development should be focused on locations which are or can be made sustainable, through limiting the need to travel and offering a genuine choice of transport modes. This can help to reduce congestion and emissions and improve air quality and public health. However, opportunities to maximise sustainable transport solutions will vary between urban and rural areas, and this should be taken into account in both plan-making and decision-making.

Para 104

- 2.11 Planning policies should;
- a) support an appropriate mix of uses across an area, and within larger scale sites, to minimise the number and length of journeys needed for employment, shopping, leisure, education and other activities;
 - b) be prepared with the active involvement of local highways authorities, other transport infrastructure providers and operators and neighbouring councils, so that strategies and investments for supporting sustainable transport and development patterns are aligned;
 - c) identify and protect, where there is robust evidence, sites and routes which could be critical in developing infrastructure to widen transport choice and realise opportunities for large scale development;
 - d) provide for high quality walking and cycling networks and supporting facilities such as cycle parking (drawing on Local Cycling and Walking Infrastructure Plans);
 - e) provide for any large-scale transport facilities that need to be located in the area⁴², and the infrastructure and wider development required to support their operation, expansion, and contribution to the wider economy. In doing so they should take into account whether such development is likely to be a nationally significant infrastructure project and any relevant national policy statements; and
 - f) recognise the importance of maintaining a national network of general aviation airfields, and their need to adapt and change over time – taking into account their economic value in serving business, leisure, training and emergency service needs, and the Government's General Aviation Strategy.

Para 105

- 2.12 If setting local parking standards for residential and non-residential development, policies should take into account:
- a) the accessibility of the development;
 - b) the type, mix and use of development;
 - c) the availability of and opportunities for public transport;
 - d) local car ownership levels; and
 - e) the need to ensure an adequate provision of spaces for charging plug-in and other ultra-low emission vehicles.

Para 106

- 2.13 Maximum parking standards for residential and non-residential development should only be set where there is a clear and compelling justification that they are necessary for managing the local road network, or for optimising the density of development in city and town centres and other locations that are well served by public transport (in accordance with chapter 11 of this Framework). In town centres, local authorities should seek to improve the quality of parking so that it is convenient, safe, and secure, alongside measures to promote accessibility for pedestrians and cyclists.

Para 108

- 2.14 In assessing sites that may be allocated for development in plans, or specific applications for development, it should be ensured that:
- a) appropriate opportunities to promote sustainable transport modes can be – or have been – taken up, given the type of development and its location;
 - b) safe and suitable access to the site can be achieved for all users; and c) any significant impacts from the development on the transport network (in terms of capacity and congestion), or on highway safety, can be cost effectively mitigated to an acceptable degree.

Para 109

- 2.15 Development should only be prevented or refused on highways grounds if there would be an unacceptable impact on highway safety, or the residual cumulative impacts on the road network would be severe.

Para 110

- 2.16 Within this context, applications for development should:
- a) give priority first to pedestrian and cycle movements, both within the scheme and with neighbouring areas; and second – so far as possible – to facilitating access to high quality public transport, with layouts that maximise the catchment area for bus or other public transport services, and appropriate facilities that encourage public transport use;
 - b) address the needs of people with disabilities and reduced mobility in relation to all modes of transport;

- c) create places that are safe, secure and attractive – which minimise the scope for conflicts between pedestrians, cyclists and vehicles, avoid unnecessary street clutter, and respond to local character and design standards;
- d) allow for the efficient delivery of goods, and access by service and emergency vehicles; and
- e) be designed to enable charging of plug-in and other ultra-low emission vehicles in safe, accessible and convenient locations.

Para 111

- 2.17 All developments that will generate significant amounts of movement should be required to provide a travel plan, and the application should be supported by a transport statement or transport assessment so that the likely impacts of the proposal can be assessed.

London Borough of Richmond upon Thames Local Plan (July 2018)

- 2.18 This Local Plan sets out the core policies and guidance for the development of London Borough of Richmond upon Thames. This Plan will run from 2018 to 2033. The Plan identifies how the borough will change, identifies where main developments will take place and how the area will be protected from change.

The Local Plan Strategic Vision

- 2.19 The vision is to build on the success of borough by maintaining and developing the borough's villages. It will be done by protecting its unique character while developing a strong and varied sense of place in partnership with the local communities and key stakeholders. The strategic vision has 3 inter-related themes of 'Protecting Local Character', 'A Sustainable Future' and 'Meeting People's Needs'. These form as the basis of the strategic vision and runs through the Local Plan. Themes are summarised below:

1) Protecting Local Character

- Villages and historic environment: the borough's villages and their distinctive characters will continue to be protected and enhanced, this includes the heritage assets like Royal Botanic Gardens and Kew World Heritage Site etc.
- Residential quality of life: Richmond borough will be the best place to live in London due to the quality of built developments, which considers the health and wellbeing of local residents, and respects the area's distinct character.
- Natural environment, open spaces, and borough's rivers: the natural environment and green infrastructure network will be protected and enhance where possible, these include parks, open spaces and biodiversity and habitats.

2) A Sustainable Future

- Sustainable growth and transport: Main centres will accommodate the majority of large-scale developments. New developments will be designed to be sustainable and will respect the borough's environmental capacity. The borough will develop its transport network to encourage the use of public transport and more sustainable means of transport.

- The borough and its interrelationship with Greater London and the South East: the borough will continue to provide jobs, homes and services to Greater London and the South East in a sustainable manner
- A sustainable and smart borough: the council will mitigate and adapt to the effects of climate change and reduce the area's carbon emissions to protect the borough's residents and properties. The borough will harness developing technologies to create innovative digital communications infrastructures which will enable businesses to respond to increasing customer demand.

3) Meeting People's Needs

- Facilities to meet needs: Residents will have access to new homes and infrastructure required to support their daily needs, these will include access to a range of schools, training and healthcare facilities etc.
- The borough's centres: The centre will continue to flourish and continue to provide excellent shops, services and employment opportunities for the local community. A new and improved station will provide a welcoming and pleasant environment for workers, residents and tourists.
- Jobs and the local economy: Jobs will be readily available. The borough's Key Office Areas will be protected from residential development, allowing the area to develop and expand. There will be a high proportion and variety of small local businesses and further opportunities for local residents to set up their own businesses.

Sustainable Travel Choices

2.20 The Council will promote safe, sustainable and accessible transport solutions, which will reduce the impacts of developments including air pollution, carbon emission. The council will:

- Consider the location of developments in regards with sustainable transport
- Promote walking and cycling by creating safe and convenient routes and developing existing networks
- Ensure new developments maximise opportunities to provide safe and convenient access to public transport services
- Ensure that new developments will not have a severe impact on the operation, accessibility or safety of the highway network
- Encourage river transport by developing and maintaining relevant infrastructures including wharves piers and slipways
- Proposed transport schemes identified in the London Plan and the Council's Local plan will be protected from developments which will prevent their proper implementation
- Ensure taxis and private hire vehicles are adequately catered for in appropriate locations.

Local Implementation Plan: Roads and Transport (June 2019)

2.21 The Local Implementation Plan details how the borough will implement the Transport strategy on a local level. The plan provides an overview of the existing transport provision in the borough, sets out the short- and long-term target and a roadmap to achieving these targets.

2.22 The plan will implement the Mayor's Transport strategy at the local scale. These goals are as follows:

- **Goal 1** – Support economic development and population growth
- **Goal 2** – Enhance the quality of life for all Londoners
- **Goal 3** – Improve the safety and security of all Londoners
- **Goal 4** – Improve transport opportunities for all Londoners
- **Goal 5** – Reduce transport's contribution to climate change and improving its resilience
- **Goal 6** – Support delivery of the London 2012 Olympic and Paralympic Games and its legacy

2.23 Key themes have been identified that will help deliver on the goals set in the plan, these include:

- Provide safe and sustainable transport for all and improving accessibility
- Promote walking and cycling
- Reduce accidents and fatalities by addressing collision hotspots and improving education and training
- Reduce environmental impacts and pollution due to transport. Encourage improvements in air quality, especially near schools, town centres and along major roads
- Encourage improvements in public transport
- Work in partnership to promote safe, sustainable, and accessible transport solutions, which reduce air pollution, congestion and carbon emissions, and maximise opportunities including health benefits and providing access to facilities, services and employment

3.0 Site Location and Existing Development

Existing Site and Location

- 3.1 The site is located on the eastern side of Cross Street approximately 30m south of the junction with Westfields Avenue. The site is currently a 2 storey caretakers house with an existing garage and driveway parking space, served via a simple dropped crossing. The access crosses the existing parking bay which runs along the eastern side of Cross Street. The Existing Floor Plans are included **Appendix B**.

Controlled Parking Zones

- 3.2 All the roads within the vicinity of the site are within the Mortlake Controlled Parking Zone (CPZ) with resident only parking restrictions in place Monday to Friday between 9am and 11am.

Highway Network

Cross Street

- 3.3 Cross Street is a two-way residential road. There is street lighting and pedestrian footways on both sides of the carriageway. A parking bay runs along the eastern side of the road. The road junctions with Westfield Avenue, 30m north of the site.

Westfields Avenue

- 3.4 Westfields Avenue is a two-way residential road. There is street lighting, and pedestrian footways on both sides of the carriageway. CPZ parking is available on both sides of the road, provided within half-on, half-off carriageway parking bays. Westfield Avenue connects to White Hart Lane, approximately 200m to the west of Cross Street.

White Hart Lane

- 3.5 White Hart Lane is a two-way carriageway that has a speed limit of 30mph. The road is well lit and has footways on both sides of the road. CPZ parking is available on both sides of the road. It provides access to Mortlake High Street to the north and to Upper Richmond Road (A205) to the south.

4.0 Proposed Development

Development Proposal

- 4.1 The proposal is for the demolition of a two storey caretakers house and the erection of a two-storey school offering special resource provision for up to 14 pupils within two classrooms and ancillary space. The Proposed Site Plans are shown in **Appendix C**. 2 Full time teachers, plus 4 or 5 teaching assistants will work at the site.

Proposed Access

- 4.2 The site will be accessed by vehicle from Cross Street via a relocated dropped crossing. The existing dropped crossing to the north of the site, serving the existing garage will be removed and full height kerbing will be laid in that location. A new 3m sliding gate will secure the school. A swept path is shown on the drawing in **Appendix D**.
- 4.3 Pedestrians will access the school via a separate pedestrian gate on the northern side of the site. Pedestrians will be provided with level access to the building allowing easy access for people with mobility issues. Internally a lift will be provided to allow disabled access to the first floor.

Parking

- 4.4 A minibus bay will be provided to the front of the site. It is anticipated that most of all pupils will arrive and depart via the minibus and times of arrival and departure will be staggered if more than 1 minibus is expected to drop off at the site.
- 4.5 No staff parking will be provided for the site; however, parking is available at the existing Barnes School Sites located close by. While the existing car parking is sometimes full, the car parking is managed as part of the schools on going Travel Plan.

Travel Plan

- 4.6 Barnes School have a Gold Accredited STARS Travel Plan. STARS is TfL's accreditation scheme for London schools and nurseries. STARS inspires young Londoners to travel to school sustainably, actively, responsibly, and safely by championing walking, scooting and cycling. A link to the school travel plan can be found here;

<https://stars.tfl.gov.uk/School/102902>

Cycle parking

- 4.7 1 cycle rack will be provided for staff use.

Refuse and Servicing

- 4.8 A refuse storage area will be located to the front of the site close to Cross Street for easy collection by refuse operators.

Sustainable Travel

4.9 To promote sustainable transport by staff several measures will be provided which will include the following;

- Continue to update School Travel Plan
- Provide and display public transport /cycling information in a publicly accessible areas, to allow building users access to up-to-date information on the available public transport and transport infrastructure. This may include signposting to public transport, cycling, walking infrastructure or local amenities.
- Look to introduce a staff car sharing group to facilitate and encourage staff to car share.
- Raise awareness of the sharing scheme with marketing and communication materials.

5.0 Highway Impact

- 5.1 When undertaking a Transport Statement for a site, it is normal practice to consider the likely impact of the proposed development traffic in the peak hours, i.e. when the combination of existing and proposed traffic is at its highest. However, the specialist school will have a maximum of 14 pupils, the majority of whom will travel to and from the site by the dedicated minibuses. Trips to and from the school will be very low in both the morning and evening periods.

6.0 Sustainable Transport

Walking

- 6.1 Pedestrian access to the site will be via the existing footway on Cross Street. There is good footway provision on the local highway network. Pedestrians will be able to easily access Barnes and local services / facilities on foot.
- 6.2 For pedestrians without mobility impairment, the Institution of Highways and Transportation (IHT) in their publication, 'Guidelines for Providing for Journeys on Foot 2000' made a series of suggested acceptable walking distances in relation to some common facilities. **Table 6.1** below sets out suggested acceptable walking distances in relation to some common facilities. More recent guidance in Manual for Streets states that "walkable neighbourhoods are typically characterised by having a range of facilities within 10 minutes' walk (up to about 800m) walking distance of residential areas".

Table 6.1 – Suggested Acceptable Walking Distances

	Town Centres, Retail	Employment	Elsewhere
Desirable	200m	500m	400m
Acceptable	400m	1,000m	800m
Preferred Maximum	800m	2,000m	1,200m

Local Amenities

- 6.3 The site is in a residential area and relatively close to Barnes District Centre (16-minute walk, 6-minute cycle). There are several shops and facilities closer to the site, these include cafés, restaurants, pubs, and grocery stores as well as healthcare and recreational facilities.
- 6.4 Some of the day to day service and facilities within the walking distances suggested in **Table 6.2** are listed in **Table 6.2** below.

Table 6.2: Distance to nearby Facilities / Services within Walking distance

Service / Facility	Distance (Walking Time)
Café / Restaurant	<ul style="list-style-type: none"> • The Brown Dog, Barnes • Haweli Barnes • Orange Pekoe • Proposed Pizza Place • Rick Stein • The White Hart • Tanyas Fish Bar
Hospital / GP Surgery / Pharmacy	<ul style="list-style-type: none"> • Doctor Kalia – Private GP • Barnes Hospital • Essex House Surgery

Transport Services	<ul style="list-style-type: none"> • White Hart Lane Bus Stop • Barnes Bridge Train Station • Mortlake Train Station 	<ul style="list-style-type: none"> • 450m (6mins) • 500m (7mins) • 1200 (14mins)
Leisure / Recreational	<ul style="list-style-type: none"> • The Clock Barnes • Vine Road Recreation Ground • Virgin Active • Barnes Sports club 	<ul style="list-style-type: none"> • 290m (4mins) • 850m (9mins) • 1100m (14mins) • 1200m (15mins)
Grocery / Supermarket	<ul style="list-style-type: none"> • Sainsbury's Local • M&S Food hall • Barnes Londis • Two Peas in A Pod • Waitrose & Partners 	<ul style="list-style-type: none"> • 350m (5mins) • 750m (9mins) • 950m (11mins) • 950m (11mins) • 1500m (18mins)
Post Office	<ul style="list-style-type: none"> • Mortlake Post Office • Church Road Post Office • Upper Richmond Road Post Office 	<ul style="list-style-type: none"> • 950m (11mins) • 1200m (15mins) • 1500m (19mins)
Educational Institution	<ul style="list-style-type: none"> • Barnes Primary School • St Michaels Nursery School • East Sheen Primary School • St. Mary Magdalen's Catholic Primary School • Paddock School 	<ul style="list-style-type: none"> • 40m (1min) • 350m (4mins) • 750m (10mins) • 850m (11mins) • 1000m (13mins)
Prayer Hall	<ul style="list-style-type: none"> • St Michael & All Angels Church • Barnes Healing Church • Barnes Methodist Church 	<ul style="list-style-type: none"> • 270m (3mins) • 280m (10 mins) • 550m (7mins)

Cyclists

- 6.5 The now withdrawn, Planning Policy Guidance 13 (PPG13) defined a distance of 5,000m, within which 'cycling can reasonably be considered as an alternative to travelling by private car'. Based on a relatively slow cycling speed of 15kph, 5,000m can be cycled to in around 20 minutes.
- 6.6 Local facilities can be accessed easily by cycling from the site. Barnes Bridge Train Station is only a 2-minute cycle from the site. Local facilities and services are well within the reasonable and acceptable cycling distance. Staff could comfortably cycle to and from the site.

Buses

- 6.7 The nearest bus stops are located within 450m (6-minute walk) of the site on Mortlake High Street, for both northbound and southbound buses. 6 bus services call at these stops offering good commuter and leisure services to Barnes Centre, Richmond, and Central London. A summary of these bus services is shown in **Table 6.3** below and bus timetables are attached at **Appendix E**.

Table 6.3: Bus Service Summary

Service	Monday - Friday		Saturday		Sunday	
	General Hours of operation	Maximum daily frequency	General Hours of operation	Maximum daily frequency	General Hours of operation	Maximum daily frequency
209 <i>Mortlake Bus Station – Lonsdale Road</i>	05:00 - 00:55	Every 15 minutes	05:00 - 00:55	Every 15 minutes	05:00 - 00:55	Every 15 minutes
378 <i>Mortlake Bus Station – Putney Bridge Station / Gonville Street</i>	04:52 - 00:51	Every 15 minutes	04:52 - 00:51	Every 15 minutes	04:52 - 00:51	Every 15 minutes
419 <i>Norley Vale – Richmond Bus Station</i>	5:30 - 01:00	Every 10-13 minutes	05:50 - 01:00	Every 10-13 minutes	06:10 - 01:00	Every 20 minutes
533 <i>Hammersmith Bus Station – Lonsdale Road</i>	04:48 - 00:52	4x per hour	04:48 - 00:52	4x per hour	04:48 - 00:52	2-4x per hour
969 <i>Gladstone Avenue Whitton – Roehampton Vale / Asda</i>	10:06	1 per day on Tuesdays and Fridays	No Service	No Service	No Service	No Service
N22 <i>South Road / Fulwell – Margaret Street / Oxford Circus</i>	23:40 - 05:40	Every 30 minutes	23:40 - 05:40	Every 30 minutes	23:40 - 05:40	Every 30 minutes

Trains

- 6.8 The nearest rail station is Barnes Bridge Railway Station and is approximately 500m (7 minutes' walk) from the site. Two further railway stations, Barnes, and Mortlake are relatively close to the site. They are all within the suggested acceptable walking distance of 1200m (14min walk). All trains serving these stations are operated by South Western Railway.
- 6.9 The typical off-peak service form Barnes Bridge Railway Station are as follows:
- 4 trains per hour (tph) direct to London Waterloo
 - 2 tph to London Waterloo by Hounslow Loop via Brentford and Richmond
 - 2 tph to Weybridge

6.10 The typical off-peak service form Barnes Railway Station are as follows:

- 8 tph to London Waterloo, calling at Putney, Wandsworth Town, Clapham Junction, Queenstown Road and Vauxhall
- 4 tph to Hounslow, of which:
 - 2 tph via Mortlake, North Sheen, Richmond, St Margaret's, Twickenham, and Whitton
 - 2 tph via departures call at Barnes Bridge Chiswick, Kew Bridge, Brentford, Syon Lane and Isleworth
- 2 tph to Weybridge, calling at Barnes Bridge, Chiswick, Kew Bridge, Brentford, Syon Lane, Isleworth, Hounslow, Feltham, Ashford, Staines, Egham, Virginia Water, Chertsey and Addlestone
- 2 tph to Wimbledon, calling at Mortlake, North Sheen, Richmond, St Margaret's, Twickenham, Strawberry Hill, Teddington, Hampton Wick, Kingston, Norbiton, New Malden and Raynes Park

6.11 The typical off-peak service form Mortlake Railway Station are as follows:

- 8 tph to London Waterloo, of which:
 - 4 trains run direct via Clapham Junction
 - 2 trains run via Richmond, Kingston, and Wimbledon
 - 2 trains run via Richmond and Hounslow

Summary

6.12 As can be seen from above, the site is within proximity to many local amenities, facilities, and services, accessible within easy walking and cycling distances offering sustainable travel choices to staff and visitors.

7.0 Summary and Conclusion

- 7.1 Patrick Parsons has been commissioned by LB Richmond Upon Thames to prepare a Transport Statement to accompany a planning application for the proposed demolition of the Caretakers house and the erection of a two-storey school offering special resource provision for up to 14 pupils, at 32 Cross Street, Barnes, London, SW13 0QQ

Proposed Access

- 7.2 The site will be accessed by vehicle from Cross Street via a relocated dropped crossing. The existing dropped crossing to the north of the site, serving the existing garage will be removed and full height kerbing will be laid in that location. A new 3m sliding gate will secure the school.
- 7.3 Pedestrians will access the school via a separate pedestrian gate on the northern side of the site. Pedestrians will be provided with level access to the building allowing easy access for people with mobility issues. Internally a lift will be provided to allow disabled access to the first floor.

Parking

- 7.4 A minibus bay will be provided to the front of the site. It is anticipated that most of all pupils will arrive and depart via the minibus services.

Travel Plan

- 7.5 Barnes School have a Gold Accredited STARS Travel Plan. STARS is TfL's accreditation scheme for London schools and nurseries. The site will be included within the Travel Plan and the promotion of sustainable travel encouraged for staff and pupils.

Cycle parking

- 7.6 1 cycle rack will be provided for staff use.

Refuse and Servicing

- 7.7 A refuse storage area will be located to the front of the site close to Cross Street for easy collection by refuse operators.

Local Amenities and Sustainable Transport

- 7.8 The site is within proximity of local amenities and services, within easy walking and cycling distance by staff. These include cafes, restaurants, leisure facilities, public transport, and healthcare services.
- 7.9 The nearest rail station is Barnes Bridge Railway Station and is approximately 500m (7 minutes' walk) from the site. Two further railway stations, Barnes, and Mortlake are relatively close to the site. They are all within the suggested acceptable walking distance of 1200m (14min walk
- 7.10 The nearest bus stops are located within 450m (6-minute walk) of the site on Mortlake High Street, for both northbound and southbound buses. 6 bus services call at these stops offering good commuter and leisure services to Barnes Centre, Richmond, and Central London.

Promotion of Sustainable Travel

7.11 To promote sustainable transport by staff several measures will be provided which will include the following;

- Provide a Staff Travel Plan (as a planning condition).
- Provide and display public transport /cycling information in a publicly accessible area, to allow building users access to up-to-date information on the available public transport and transport infrastructure. This may include signposting to public transport, cycling, walking infrastructure or local amenities.
- Set up a car sharing group to facilitate and encourage staff to car share.
- Raise awareness of the sharing scheme with marketing and communication materials

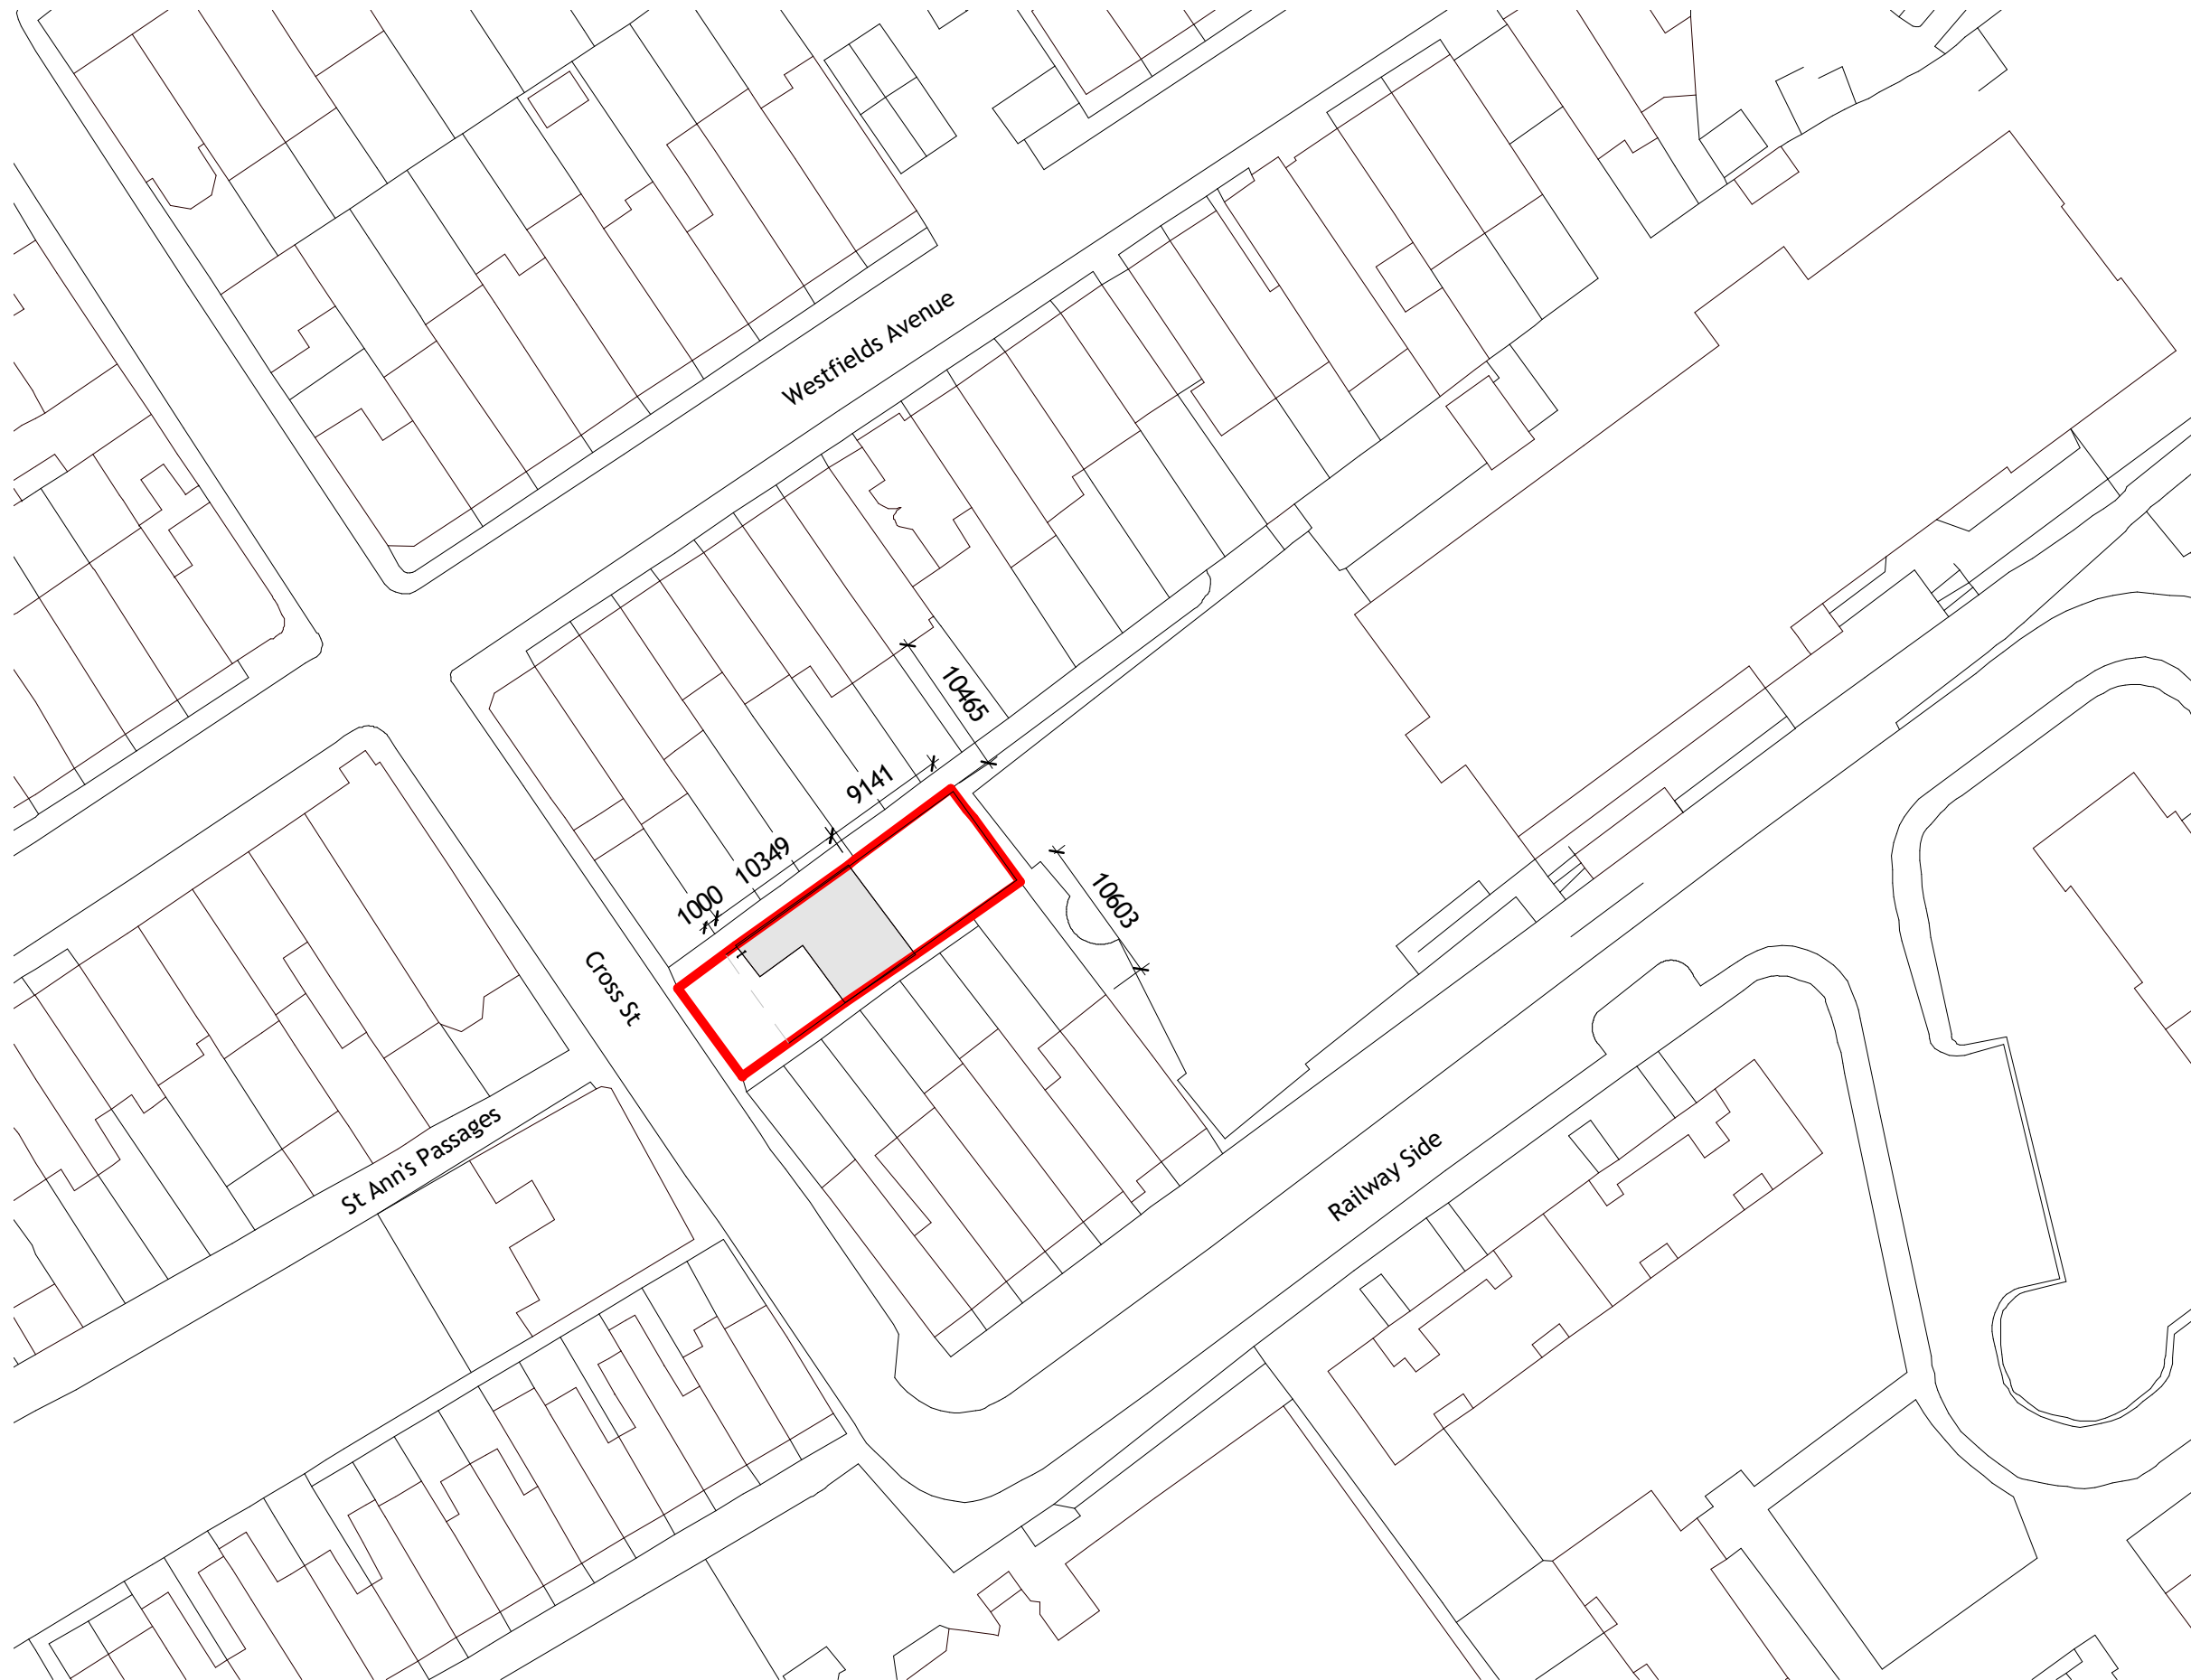

Highway Impact

7.12 The specialist school will have a maximum of 14 pupils who will travel to and from the site by the dedicated school minibus service. Trips to and from the school will be very low in both the morning and evening periods.

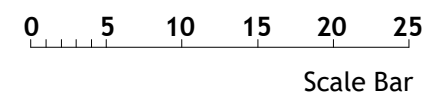

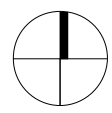

7.13 In summary, we conclude that the proposed development can be accommodated without detriment to highway or pedestrian safety and without significant impact on the local highway network.

Schedule 533-53517-MF-ML-1-1

Schedule information

Route:	533	No. of vehicles used on schedule:	3
Service change:	53517 - SCHEDULE, STRUCTURAL	Implementation date:	07 December 2019
Day type:	MF - Monday to Friday		
Operator:	ML - METROLINE		
Option:	1	Version:	1
Schedule comment:		Option comment:	None
