Comment: Dear all

I am objecting to the proposal of construction access to the site as proposed via Belgrave Road.

I have made a summary of the construction access options, and I wish to make the following objection:

I believe that the Belgrave road access option is the worst option for all:

- It's the most dangerous access
- It's the worst for residents
- The worst for pupils
- The worst for toddlers
- The worst for the construction process

In this analysis, I have considered 4 options:

1. Belgrave Road
2. Lowther Road
3. School Gates
4. Verdun road and along the side of the playing fields

An entrance through Verdun road and along the side of the playing fields comes out as a clear winner.

Belgrave Road Option Impact:

- Huge disruption to residents who do not benefit from the construction
- Access via very narrow Single track Resident Cul De Sac where children play in the street
- Loss of resident parking spaces with no comparable alternatives
- New entrance need to be built
- There is already a multi year construction project in progress in the road
- Repair entrance / road after construction
- Possibility of blockage from meeting 419 bus
- Problems when deliveries are late due to traffic

- Possibility to run over toddlers going to Suffolk Road playground
- Possibility to run over dogs / dog walkers going to suffolk road park
- Possibility to run over school kids when school closes early
- Loss of School Putting green
- Restricted hours of delivery
- Disruption to pupils through lorry noise on "putting green"

Verdun Road Option Impact:

- Temporary loss of a small portion of playing field
- Loss of resident parking where there are lots of alternatives
