

Caroline Green
Project Director
Marble Hill Play Centres

23rd December 2019

Dear Caroline,

Marble Hill Playcentres revival project

The benefits that your proposed scheme would bring to the Borough's younger residents, especially those with additional needs, are considerable and I am pleased to offer my in-principle support to the Marble Hill Playcentres' proposals. In particular, the scheme would improve young people's access to adventurous outdoor play opportunities, in an inclusive and sustainable way, and provide the necessary indoor space to support the outdoor play area, including "changing places" facilities & space to host on-site partner charities with shared objectives who have been struggling to find suitable accommodation elsewhere in the Borough.

Kind regards,

Cllr Gareth Roberts
Leader of Council, London Borough of Richmond-upon-Thames
