### Comments

**Type of comment:** Support the proposal

**Comment:** I fully support this proposal to modernise this vital provision for local children, including those in need of additional support and services. While the modernisation of Marble Hill taking place will be of great benefit to local residents, much of this will be enjoyed by adults. A space dedicated to children is an important part of what the park offers, a dog free space for the children to play, socialise and learn. Given the long waiting lists for local groups such as cubs and scouts this can also provide a space for children to be together under supervision but with some independence from their parents.
