## 4. Description of Proposed Works

Please describe the proposed works:

An application was submitted in 2021 (20/3654/HOT) for alterations to front elevation treatment, replacement windows, raising of street facing parapet wall. Addition of second floor. Single storey side/rear extension. Increase height of part of outrigger. This application was refused due to the massing of the property.

This proposal is more sympathetic to the adjacent neighbour's second floor extension, with it being set back and in line with the neighbour, to reduce massing. The first floor roof line has been reduced and taken back to what was previously approved in 2017.
