Comment: This is a fantastic proposal and opportunity which will have wide benefits to the local community and should be embraced and encouraged. Our son currently attends the existing nursery provision at Mandarin Ducklings. It is a special place and with the much needed additional care and attention to improving the facilities, it will be a credit to the local council to have facilitated and supported this valuable initiative for the children of Richmond and Twickenham. I have read some of the objections and I can confirm that the operation of the existing nursery is managed carefully and sensitively according to the safety requirements and opening hours of the park. I have no reason to believe it would be anything other than a collaborative venture based on the current operating practices.
