Comment: I am very enthusiastic about this idea. I think it will be a huge asset for the whole community. The project has been thoughtfully conceived and will provide a safe, practical, modernised, inclusive, attractive space that can be used by a large number of children and young people, and their families and carers. It also has the potential to provide a tremendous resource for local schools and other clubs. I am familiar with all three charities that are working together to create this new facility. They do fabulous work, for which I am very grateful, and I think there will be significant synergies produced as a result of this sharing and cooperation. I am so proud to think we might be able to host such a fantastic resource in our borough. I very much hope it will be able to go ahead.
