## DETAILED REASONS

---

### **U0098649 Visual Amenity**

The proposed extensions to the property, by virtue of their poor design, bulk and mass would result in the significant alteration of the property's original roof form and general character. The proposed additions are considered to be incongruous and would be detrimental to the character and appearance of the host dwelling and the wider street scene. The scheme is therefore contrary to policy LP1 of the Local Plan (adopted 2018) and Supplementary Planning Document on 'House Extensions and Alterations' (2015).

The Council will send copies of any letters of objection or support they received when considering your application. Further submissions or statements will not be accepted by the Planning Inspectorate.

Your householder appeal will be decided by a Planning Inspector. He/she will consider all the application documents and grounds of appeal and also make an unaccompanied visit to the appeal site. You may be required to provide access to the site for the Inspector.
