 Gold accredited

Pupils

On our nominated survey date we carry out a 'hands up' survey (asking the question 'How did you travel today?') for pupils which is done by each class teacher and then the results centrally recorded.

Staff

All staff during the same week are asked to complete a form stating how they normally travel to work and the results centrally recorded. The reason that we do it slightly differently for staff, i.e. not on a nominated day, is that we have a lot of part-time staff who may not be in on that day and also staff do not tend to vary how they travel to work from one day to the next.

Both staff and pupil surveys are carried out using TFL Stars form templates, and the results are logged on the Stars system. Both these forms are also submitted to the LPA.
