DETAILED CONDITIONS AND INFORMATIVES

DETAILED CONDITIONS

AT01 Development begun within 3 years

The development to which this permission relates must be begun not later than the expiration of three years beginning with the date of this permission.

REASON: To conform with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

GD01A Restriction on use of roof

Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or re-enacting that Order) no part(s) of the roof of the building(s) hereby approved shall be used as a balcony or terrace nor shall any access be formed thereto.

REASON: To safeguard the amenities of the occupiers of adjoining property.

U0107154 Approved drawings

The development hereby permitted shall be carried out in accordance with the following approved plans and documents, where applicable.

Site Location Plan, 0569(00)01, 0569(00)02A, 0569(00)03A, 0569(00)04A, 0569(00)05B, 0569(00)06A, 0569(00)07, 0569(00)08 & 0569(01)01 received on 6 May 2021 and 0569(01)02E, 0569(01)03D, 0569(01)04A, 0569(01)06D, 0569(01)08E, 0569(01)09D, 0569(01)10D received on 11 Aug 2021.

REASON: To accord with the terms of the application, for the avoidance of doubt and in the interests of proper planning.

U0107155 Materials as submitted

No new external finishes (including fenestration), including works of making good, shall be carried out other than in materials as submitted.

REASON: To ensure that the proposed development is in keeping with the existing building(s) and does not prejudice the appearance of the locality.

U0107159 NRMM

During onsite construction of any phase of development, all non-road transportable industrial equipment or vehicles which are fitted with an internal diesel powered compression ignition engine between 37 and 560KW and not intended for transporting goods or passengers on roads are required to meet Stage IIIB of EU Directive 97/68/E and be NRMM registered. Such vehicles must be run on ultra low sulphur diesel (also known as ULSD 'cleaner diesel' or 'green diesel').

"Ultra low sulphur diesel" means fuel meeting the specification within BS EN 590. Where these standards are succeeded, they should be applied when reasonable. Exemptions to these standards may be granted for specialist equipment or for equipment with alternative emission reduction equipment or run on alternative fuels. Such exemptions shall be applied for in writing to the local planning authority in advance of the use of such vehicles, detailing the reasons for the exemption being sought and clearly identifying the subject vehicles. Exemptions that are granted will be in writing and such vehicles must not be used until written exemption has been issued by the local planning authority.

No vehicles or plant to which the above emission standards apply shall be on site, at any time, whether in use or not, unless it complies with the above standards, without the prior written consent of the local planning authority.

Reason: To protect the amenity of future occupants and/or neighbours

U0107157 Fire Safety

The development must be carried out in accordance with the provisions of the Fire Safety Statement prepared by Fire Safety Engineering Consultancy received on 18 May 2021 unless otherwise approved in writing by the Local Planning Authority.

REASON: To ensure that the development incorporates the necessary fire safety measures in accordance with the Mayor's London Plan Policy D12.

U0107158 Construction Method Statement

The Construction Traffic Management Plan received on 10 June 2021 shall be adhered to throughout the construction of the development hereby approved.

REASON: In the interests of highway and pedestrian safety together with the amenity of the area.

LT04 Protective Fencing (Other)-Small Fencing

(A) No equipment, machinery or materials are to be brought on the site for the purpose of the development until all trees to be retained shall be protected by fences or other suitable means of enclosure to the recommended distances given in Table 1 of the current British Standard 5837: 2005 Trees in Relation to Construction -

Recommendations, or to such distances and by such methods as may be agreed in writing by the Local Planning Authority prior to the commencement of the proposals and with regard to this proposal such protective fencing shall normally be at least 1.2m high comprising a vertical and horizontal framework of scaffolding, well braced to resist impact, supporting either cleft chestnut pale fencing (in accordance with BS 1772: part 4) or chain link fencing (in accordance with BS 1772: part 1) as shown in figure 4 of BS 5837:2005, within which no activities associated with building operations shall take place, such areas also being free of the storage of materials or temporary structures.

(B) No fire shall be lit within 10m from the outside of the crown spread of trees to be retained.

(C) the ground levels within the protected areas shall not be altered, nor shall any excavation be made, without the written consent of the local planning authority.

(D) All means of protection shall be in situ for the duration of the development and distances of such protection should be passed by a person suitably experienced in arboriculture.

(E) No equipment, signage, fencing, tree protection barriers, materials, components, vehicles or structures to be attached to or supported by a retained tree.

(F) No mixing of cement or use of other materials or substances to take place within a Root Protection Area ('RPA'), or close enough to a RPA that seepage or displacement of those materials or substances could enter a RPA

(G) No alterations or variations to the approved works or tree protection schemes shall be carried out without the prior written approval of the local planning authority.

REASON: To ensure that the tree (s) are not damaged or otherwise adversely affected by building operations and soil compaction

U0107156 No tree works

(A) No existing on and off-site tree/s shall be cut down, uprooted or destroyed, nor shall any retained tree be pruned in any manner, be it branches, stems or roots, other than in accordance with the plans and particulars to be submitted to and be approved in writing by the local planning authority. All tree works shall be carried out in accordance with the current BS 3998:1989 Recommendation for tree work.

(B) If any retained tree is cut down, uprooted, destroyed or dies, another tree shall be planted at the same place and that tree shall be of such size and species, and shall be planted at such time, as may be specified in writing by the local planning authority.

REASON: The existing trees represent an important amenity which the local planning authority considers should be preserved and the safeguard the amenity of the locality.

DETAILED INFORMATIVES

U0053410 NPPF APPROVAL - Para. 38-42

In accordance with paragraphs 38-42 of the National Planning Policy Framework, Richmond upon Thames Borough Council takes a positive and proactive approach to the delivery of sustainable development, by:

- o Providing a formal pre-application service
- o Providing written policies and guidance, all of which is available to view on the Council's website
- o Where appropriate, negotiating amendments to secure a positive decision
- o Determining applications in a timely manner.

In this instance:

- o The application was acceptable as submitted, and approved without delay.

U0053409 Composite Informative

Reason for granting:

The proposal has been considered in the light of the Development Plan, comments from statutory consultees and third parties (where relevant) and compliance with Supplementary Planning Guidance as appropriate. It has been concluded that there is not a demonstrable harm to interests of acknowledged importance caused by the development that justifies withholding planning permission.

Principal Policies:

Where relevant, the following have been taken into account in the consideration of this proposal:-

London Plan Policies:

Policy D4 - Delivering Good Design

Policy D12 - Fire Safety

Policy HC1 - Heritage Conservation and Growth

Local Plan Policies: LP1, LP3, LP4, LP8, LP11, LP16, LP21 and LP45

Supplementary Planning Guidance:

Buildings of Townscape Merit

House Extension and External Alterations

Richmond and Richmond Hill Village Plan

Building Regulations:

The applicant is advised that the erection of new buildings or alterations to existing buildings should comply with the Building Regulations. This permission is NOT a consent under the Building Regulations for which a separate application should be made. For application forms and advice please contact the Building Control department, 2nd floor, Civic Centre, 44 York Street, Twickenham, TW1 3BZ. (Tel: 020 8891 1411).

If you alter your proposals in any way, including to comply with the Building Regulations, a further planning application may be required. If you wish to deviate in any way from the proposals shown on the approved drawings you should contact the Development Management department, 2nd floor, Civic Centre, 44 York Street, Twickenham, TW1 3BZ. (Tel: 020 8891 1411).

Damage to the public highway:

Care should be taken to ensure that no damage is caused to the public highway adjacent to the site during demolition and (or) construction. The Council will seek to recover any expenses incurred in repairing or making good such damage from the owner of the land in question or the person causing or responsible for the damage.

BEFORE ANY WORK COMMENCES you MUST contact the London Borough of Richmond upon Thames, 44 York Street, Twickenham TW1 3BZ, Telephone 020 8891 1411 to arrange a pre-commencement photographic survey of the public highways adjacent to and within the vicinity of the site. The precondition survey will ensure you are not charged for any damage which existed prior to commencement of your works.

If you fail to contact us to arrange a pre commencement survey then it will be assumed that any damage to the highway was caused by your activities and you will be charged the full cost of repair.

Once the site works are completed you need to contact us again to arrange for a post construction inspection to be carried out. If there is no further damage then the case will be closed. If damage or further damage is found to have occurred then you will be asked to pay for repairs to be carried out.

Noise control - Building sites:

The attention of the applicant is drawn to the requirements of Section 60 of the Control of Pollution Act 1974 in respect of the minimisation of noise and vibration on construction and demolition sites. Application, under section 61 of the Act for prior consent to the works, can be made to the Environmental Health department.

Under the Act the Council has certain powers to control noise from construction sites. Typically the council will limit the times during which sites are permitted to make noise that their neighbours can hear.

For general construction works the Council usually imposes (when necessary) the following limits on noisy works:-

Monday to Friday 8am to 6pm

Saturdays 8am to 1pm

Sundays and Public Holidays - No noisy activities allowed

Applicants should also be aware of the guidance contained in British Standard 5228:2009 - Noise and vibration control on construction and open sites.

Any enquiries for further information should be made to the Commercial Environmental Health Team, 2nd Floor Civic Centre, 44 York Street, Twickenham TW1 3AB.

HOT Applications

Making an Appeal – Summary Guidance

Whether to appeal

If the Local Planning Authority (LPA) turn down your application, you should look carefully at the reasons why they turned it down before you make an appeal. You should speak to the LPA to see if you can sort out the problem - perhaps by changing your proposal. An appeal should only ever be a last resort.

Type of appeal

Refusal of permission for HOT applications – this type of appeal is appropriate for domestic alterations and extensions and any ancillary development in the garden. It is not appropriate for alterations to flats.

Appeal time

Within 12 weeks of the date of this notice.

Who can appeal

The applicant or their agent may lodge an appeal

The appeals process

Appeals must be made

- Online at www.planninginspectorate.gov.uk, or
- Using a form which you can get from Initial Appeals, The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN.

It will be expected that all appeal documentation will be submitted electronically.

The Planning Inspectorate (on behalf of the Secretary of State) will determine the appeal procedure to be followed. Normally this will proceed by way of the Householder Appeal Service which will rely solely on information submitted at application stage. The Council will send copies of any letters of objection or support they received when considering your application. Further submissions or statements will not be accepted by the Planning Inspectorate.

Your householder appeal will be decided by a Planning Inspector. He/she will consider all the application documents and grounds of appeal and also make an unaccompanied visit to the appeal site. You may be required to provide access to the site for the Inspector.

Appeal decision

80% of householder appeal decisions will be issued within 8 weeks from the start date of the appeal.
