APPLICATION REASONS

Our Ref: 41707

T1	Removal of the lower lateral branches to achieve sufficient height clearance over the car park area of the site. To reduce risk of damages to the vehicles utilising the area.
----	--

T2	Removal of the lower lateral branches to achieve sufficient height clearance over the boundary fence.
G4	Exempt work
T5	Reduction to suitable growth points to promote new growth and improve vitality. To Reduce weight and associated risk of branch breakage in stormy/ snowy conditions.
T6	Due to the extensive lean towards the neighbouring outdoor office building and the raised root plate, Concerns to the stability due to the location of the tree grown from the base of the boundary fence.
G7	Poor specimen tree group, Originally a hedge left to regenerate in unformalized tree group beyond retention as a hedge. Removal due the volume of debris, mess and damage caused by defecating and nesting over the garden target areas.
T8	Due to Ash dieback present in the crown and the tree within falling distance of the neighbouring garden office work area.
G9	Poor condition tree group, heavily reduced in past with decay at the previous reduction points. Crown beyond reduction due to the decay and pollard would leave un aesthetically pleasing monoliths.
T11	As above
T12	Removal of the low level lateral branches to give sufficient height clearance over public foot path and the main site entrance driveway to avoid damage to any vehicles entering or leaving the site.
