Type of comment: Object to the proposal

Comment: Whilst I agree that the Barnes Hospital site needs to be developed, a proportion of this development must be given of to to desperately needed affordable housing. However the idea of building 106 units is ludicrous. The original request for some 80+ units was pushing it. The number of residential units has now increased to 106 and we simply do not have the infrastructure to absorb this when the site is in a difficult location accessible via what is in effect a single track road (South Worple Way from the eastern end).

I urge the Planning Office and the Planning committee to turn down this revised application.
