

**FULL PLANNING PERMISSION**

**APPLICATION: 21/4419/FUL**

**PROPOSAL: FORMATION OF VEHICULAR CROSSOVER AND HARDSTANDING FOR CAR.**

**ADDRESS: 37 REDFERN AVENUE, WHITTON, HOUNSLOW, TW4 5NA.**

**DATE: 04/01/2022**

**REASONABLE EXCEPTION STATEMENT (RES)**

*Information on space provisions for fire appliances and assembly points (criteria 1).*

*Information on passive and active safety measures (criteria 2).*

*Information and data on construction products and materials (criteria 3).*

*Information on means of escape and evacuation strategy (criteria 4).*

*Information on access and equipment for firefighting (criteria 6).*

We believe this application and proposal does not require a fire safety statement or strategy. The proposal simply looks to alter the landscaping at the front of the property to create a new vehicular crossover and hardstanding for a car. Therefore, no changes will be made to the existing fire strategy measures on the application site. There is no requirement for appliances and the assembly point will not change (Criteria 1). Passive and active safety measures will remain the same (Criteria 2). No new materials are set to be introduced (Criteria 3). The proposal does not include the formation of any structures and so an escape and evacuation strategy are not required (Criteria 4). The access point for firefighting will remain the same (Criteria 6).
