

## Comment on a planning application

### Application Details

**Application:** 21/3107/FUL

**Address:** Barnes Hospital South Worple Way East Sheen London SW14 8SU

**Proposal:** Drop-in full application to supersede residential development zone of previously approved Outline planning permission 18/3642/OUT. Demolition of existing structures and redevelopment of site including construction of three new buildings comprising 106 residential units of mixed tenure (Use Class C3), alterations and conversion of two existing buildings for 3 residential use (Use Class C3), car and cycle parking, landscaping and associated works.

### Comments Made By

**Name:** Ms. Julia Woods

**Address:** 22 Buxton Road East Sheen London SW14 8SY

### Comments

**Type of comment:** Object to the proposal

**Comment:** There are several plans in the area for additional re-development this one in particular is concerning with the number of units vs. Parking provision being completely unrealistic resulting in more pollution and dangerous roads for pedestrians and cyclists. Recently South Worple Way which is largely a single lane road has become a rat run and something of a cut through so where I used to be able to cycle in relative safety to the shops of East Sheen I now often get abuse and close passes from speeding vehicles,

Quite frankly the local infrastructure is already creaking and this is before this large scale redevelopment which will bring in a lot more traffic. In my view it is only a matter of time before there is a serious accident on the local roads with White Hart Lane and South Worple Way being overly polluted and full of frustrated drivers.
