Type of comment: Object to the proposal

Comment: The traffic generated from the new secondary school will overcrowd the local area especially the train station (with Southwestern Trains wanting to decrease their services further). Mortlake green playground is very busy with primary school aged children after school and can't cope with more capacity.

The noise and disturbance resulting from use will negatively impact the local community. This area already suffers with anti social behaviour from teenage gangs and doesn't need anymore in the area. What this area does need is more youth and sports groups/spaces to entertain the children after school.
