### Comments

**Type of comment:** Object to the proposal

**Comment:** I have a video of the terrible traffic chaos and aggression that is a regular occurrence in that area. It is downright dangerous. If there is already a dangerous traffic problem how can a development such as this be considered? Where can I upload my video evidence? Who do I send it to?

Why is this not made possible. People's views are just that, but video evidence should be looked at by the council.
