To whom it may concern

Re: Marble Hill Play Centre

I am writing to support the current plans to improve the facilities of the Marble Hill Play Centre, who for many years have been an integral part of the offer available to children and young people in my constituency.

Currently families with pre-school age children can spend hours of fun at the One O'Clock Club, and as they get older they graduate to the thrill of the large play equipment, not usually found in normal playgrounds.

The replacement and upgrading of these facilities as well as increasing the size of the inside space is desperately needed. It has always been a financial challenge to keep the centre open, and there have been too many moments when it looked like they would have to close their doors permanently. I am therefore very pleased to see plans that will not only significantly improve what is on offer, but put the organisation on a solid footing, that will hopefully secure its future for years to come.

Of particular importance are the partnerships they have with SEND groups such as the Otakar Kraus Music Trust and Skylarks, and I'm delighted to see that the new plans will continue to provide a home for these important organisations.

I hope very much that they are successful in receiving the required funding, formal permissions and support of the various interested parties, and I look forward to seeing these fantastic plans come to fruition.

Yours sincerely
