### Comments

**Type of comment:** Object to the proposal

**Comment:** This is altogether too great a scheme for the space. The buildings on the riverside are too high, the school is unnecessary, the traffic would make life even worse than it is today, and growth in cars, pollution and people will change the area in a wholly negative way. I'm not sure if the balance between affordable housing and not is correct, but I do know that the whole thing will make life for those of us who live here unbearable. Please listen to the many, many voices still expressing distress about this.
