Type of comment: Object to the proposal

Comment: Apparently there is no need for this school here!

The over-riding objection is the increase in traffic which will be generated adding to the severe pollution at Chalkers Corner which can only be ameliorated by an over pass or underpass. The congestion in the area is already intolerable, unhealthy and anti environment. The proposal is contrary to our Human Rights to live peacefully and in an environmentally friendly environment. As I have previously stated - the level crossing is already congested and with current intervals a threat to life. We just voted in a council which should listen to its voters instead of ignoring them as objections to the present govt could be valid for the council and local party too. Arrogant and failing to listen.
