Type of comment: Object to the proposal

Comment: I do not believe that this is the correct site for a new school - it is on the periphery of the borough and access to it is very poor - the local roads cannot support the inevitable increase in traffic and public transport is poor. The level crossing area will be even more dangerous if used by more school children. Given the changes in demographics over the last 5 years the council should be revisiting the need for a school to support this section of the Borough at all - is there still a need for this for places for children from SW14/SW13/ the closer parts of Kew? - this site should not be used to bring in children from other sections of the Borough nor outside it. I am also concerned about the impact on Richmond Park Academy given it's proximity.
