Comment: I am very concerned that with two state secondary schools, Richmond Park Academy and Christs in close proximity to the proposed site there is a. No actual need for more school places in this area and b. A new secondary school would take pupils away from the aforementioned schools to the detriment of all.

These two schools are working incredibly hard to improve, which they have and continue to do. The support of the council to this seems a far better use of resources.

Surely, re-locating Tompson House School to the brewery location, so they are no longer in a split site with the railway in between, would be far more intelligent proposition?
