Type of comment: Object to the proposal

Comment: I have 2 children at Richmond Park Academy and over the years seen more and more local children attending the school. It's has had a hugely positive impact on the community.

There is not a need for another secondary school here with regard to pupil numbers or projected pupil numbers. Another secondary school will mean reduced local kids and funding for RPA which is on an amazing journey toward outstanding. We need to support the schools we have and make them brilliant though local children attendance. I do not support an additional secondary school. There seems to be powerful people behind this who do not have kids in local schools state secondary and do not understand or care the negative impact this would have or our existing local schools
