Comment: Overall I disagree with the entire development. On the school specifically, the area proposed will add a huge amount of additional congestion for the school run. The school is unlikely to be filled purely by local residents and will attract children from neighbouring areas. Further, Richmond Park Academy is flourishing and for the first time has allocated spaces to local children first. This was always the goal. An extra school will create more space and neither school will be entirely local and so cancels the argument traffic will be created as both schools will need out of borough students to fill spaces.
