### Comments

**Type of comment:** Object to the proposal

**Comment:** The case has not been made that a secondary school here is necessary. Demand for pre-school and primary places seems to be falling according to those offering places locally for the former and it is unreasonable to meet out of borough needs as Richmond has in the past, partly as a result of the quality of the offering, despite the additional pressures on local transport. The planned sports and play space is minimal and realistically improving access is not possible - plans for this site must further impede traffic flows at the railway crossing in Sheen Land and along the Lower Richmond Road.
