### Comments

**Type of comment:** Object to the proposal

**Comment:** I object to this planning to build another secondary school in the area. I see no reason for its purpose based on the fact that our existing schools serve us more than adequately and still have space for pupils to attend from out of the borough! I fear another school would only lead to the deterioration of our existing schools at a time when they are building on a successful campaign to cater for our local community. Built on the site itself would also lead to even worse congestion.
