Comment: There are already 2 secondary schools in the area, Christs and Richmond Park academy. These schools are undersubscribed RPA is, I know, below capacity. Concerning Christs I am not sure but both schools recruit pupils from out of the area. All three schools will be within a short distance or each other with the south circular, already terribly congested, running between them. I cannot see that there is a need for a third school and consider that the location will cause further traffic congestion at peak times
