**Comment:** We totally disagree with a new secondary school, but believe a primary School for Thompson House should be built .

There is no need for a secondary school as the local schools are fulfilling this role and in the case of RPC( I live in the same road) they are achieving the aim of having far more local children attending which will not be the case if a new secondary school is built here.

It is imperative that there must be LESS traffic movements in the East Sheen /Mortlake area owing to the many reasons for traffic chaos and having a new secondary school on the Brewery site will only create more traffic along with hold ups/extra usage of the Mortlake train station and the subsequent danger of the barriers at the level crossing.

We should be supporting the existing secondary schools with investment and NOT creating more unneeded competition.
