Comments

Type of comment: Object to the proposal

Comment: Inadequate evidence supporting the need for a new secondary school

Detrimental effects to existing local secondary schools that have worked so hard to raise standards and sustain 6th forms.
Risk of undermining this work

Proposal does little to mitigate the existing overloading of the local infrastructure, the pollution issues and overcrowded roads and trains - the area is regularly at a standstill and cannot cope with such an influx of development and very large secondary school.

Need to external space

Plans do not allow for adequate external space for pupils.
