### Comments

**Type of comment:** Object to the proposal

**Comment:** I have been a local resident for more than twenty five years. During this time:

1. Traffic congestion has become progressively worse;
2. Local schools have worked hard to achieve stability, with better results and improved satisfaction among pupils and parents.

I understand there is already sufficient capacity, but more importantly, that both existing secondary schools are prepared to expand if required.

I strongly oppose the proposal to build an additional school in the neighbourhood: increased traffic and pollution will exacerbate difficult existing conditions when the local schools don't need disruption from creating excess supply.
