Type of comment: Object to the proposal

Comment: I object to this application on the following grounds. 1) The local community would be better served by allowing Thomson House Primary School relocate to the proposed site. Their current facilities are not adequate, so much so that the school already uses the Brewery field for sport and the upper school has no accessible outdoor space. If a new school were to take over this outdoor space it would directly take it away from this Primary school and other local sports groups. 2) The proposal for a secondary school is not required as can be evidenced by space already available at RPA and Christs. There is no point squeezing in an overcrowded new school here.
