Comments

Type of comment: Object to the proposal

Comment: I cannot see the need for an additional secondary school in this area. RPA and Christs School are able to accommodate children in the area. An additional school would have a negative impact on existing schools. Development of the site would see the loss of significant green space and community playing fields.

Notwithstanding all of the above, the infrastructure simply cannot cope.

Children attending the school would likely travel in from areas outside the borough and this will compound an already dire traffic situation with Hammersmith Bridge closed. The addition of a school will have detrimental environmental and community impacts that far outweigh the benefits.
