### Comments

**Type of comment:** Object to the proposal

**Comment:** Object on following grounds

- flawed justification and inadequate analysis making this unnecessary school exceptionally poor value for taxpayer money
- undermining of existing local secondary schools especially the viability of their sixth forms
- traffic generation and highway safety: the local transport infrastructure and woeful lack of any mitigation in the developer proposals mean the volume of traffic and human movement generated by a school of this size will overwhelm the local area.
- highway safety at Sheen Lane level crossing, already very risky, will be further worsened with very significant increase in vehicular and human movement and no meaningful risk mitigation.
- loss of opportunity to do the obvious, common sense and strongly supported locally, relocation of Thomson House primary school to the stag site.
