Type of comment: Object to the proposal

Comment: I wish to object to the proposal. I agree with Barnes Community Association's assertion that as the site for the secondary school is just 30% of the DfE's recommended size for new schools of this scale, it is inadequate for students' health and well-being and that either a smaller capacity school or more land needs to be allocated to it. I'm concerned by the loss of OOLTI-protected sports fields and that re-provisioning does not comply with conditions related to quantum, quality and openness. I'm also concerned that replacing two grass playing fields with one artificial surface may be harmful to the environment and human health.
