Comments

Type of comment: Object to the proposal

Comment: I strongly object to the proposal. The development is too overbearing for the site and not in keeping with the character of Mortlake. Nor is it in line with planning guidelines given areas are still over 7 stories high. This will be overbearing on the riverside and cast surrounding areas in permanent shadow.

Valuable community green space will be lost and replaced with a decline in air quality and a risk to personal safety given the inevitable additional pressure on level crossings.

It seems utter madness to allow a development of this scale without properly addressing dire infrastructure issues. Adding busses will be of no help if they just join the traffic gridlock.
