### Comments

**Type of comment:** Object to the proposal

**Comment:** I object to this proposal. I am concerned that the density and massing of the mansion blocks are detrimental to the Mortlake Conservation Area and other heritage assets. There should be more soft landscaping and greenery. Road access is along a very congested Lower Richmond Road and Sheen Lane. The proposed widening of Chalkers Corner will do little to improve this and access is further constrained by the level crossings at White Hart Lane and Sheen Lane both of which are more frequently closed during peak travel times. More traffic will increase pollution. I am also concerned that insufficient consideration has been given to a potential flood risk.
