Comments

Type of comment: Object to the proposal

Comment: I would like to object to this application as the proposed development is far too high and too bulky. It will ruin this beautiful stretch of the river.

Also the surrounding roads are very busy now so with all the extra traffic generated by such a large development, the area will be grid locked.

Doctors and dentists are overloaded now so where will the new residents go?

Obviously something needs to be developed on this prime piece of land but please make the blocks lower.
