

APPLICATION REF:

21/4419/FUL – 37 Redfern Avenue, Whitton, TW4 5NA

REASON FOR TAKING NO FURTHER ACTION ON APPLICATION:

The applicant was advised that the application was unlikely to be supported as the crossover would not comply with the Council's Transport SPD. Given that the site is not in a conservation area and Redfern Avenue is not a classified road, planning permission is not required for a dropped kerb and thus the applicant is free to apply for Highways consent without the need for planning permission. The applicant therefore opted to withdraw the planning application.
