Dear Richmond Council Planning Dept,

I would be most grateful if you would consider Mr Repsch's comments on the Stag Brewery application, forwarded below.

Yours sincerely

Dear Sir,

I am against the proposed development of the Mortlake Brewery site for the following reasons:

1. The proposed new school would be unnecessary because pupils can be catered for at other local schools.
2. All of the traffic congestion in the area would be exacerbated as long as work is being carried out on Hammersmith Bridge.
3. The increased traffic fumes would cause major bronchial health problems for children attending the new school.
4. According to the GLA, new schools should not be built within 100 yards of busy main roads such as Lower Richmond Road.
5. Traffic in Sheen Lane would be held up even longer when Mortlake station level crossing was waiting for trains to pass.
- 6.
7. However, on the positive side, this could be a golden opportunity for:
8. (a) Tree planting, allowing for vistas of the river plus improved air quality.
9. (b) Recreation, which is what children now need more than ever because of the risk of obesity; parents' fears of letting their children roam around and parents allowing children's growing use of the internet.
10. (c) A museum, with a history of Mortlake and displays of original Mortlake tapestries.

Yours faithfully,

John Repsch
