### Comments

**Type of comment:** Object to the proposal

**Comment:** I am objecting to the above proposal as a resident of Holly Road for the following reasons. The development will be densely populated and will be accessed by our tiny roads which already struggle to support the streets that lead of them.

The development is tall in structure and will dwarf all sides of the area overlooking houses and gardens in the adjacent roads impeding light and views. Many of the houses in my road have grown into the lofts. Skylights will now be overlooked by the development and have an obvious impact on privacy.

The development has its own identity which does not blend in with the local conservation area. Construction work on this site, of such huge scale, will have a devastating impact on the high street traffic and surrounding roads including ours.

Please consider the above objections for the sake of current and future generations of residents.
