Type of comment: Object to the proposal

Comment: I strongly object to this proposal.

It would be over-bearing and not in keeping with the surrounding area.

It would create a sense of enclosure for the neighbouring properties, some of which would also suffer from being overlooked and loss of light. The loss of light could impact on mental health, particularly the loss of light in winter. It is an overly dense development, potentially resulting in a whole range of difficulties for healthcare, education, social services and infra structure.
