### Comments

**Type of comment:** Object to the proposal

**Comment:** The new proposal answers very few of the. objections to the previous one. It is still too dense, too tall and too oriented towards unnecessary commercial and expensive private housing. As a Windmill Rd resident, I dread to think of the traffic impact, particularly as our road is now a rat run following the "success" of the Burtons Road traffic management scheme.

How is the ocal infrastructure meant to cope with the influx of new residents when schools, mediical services and pubic transport are all over subscribed?

The whole development seems to contradict LA policy in so many ways that I am amazed at the supine response of the councilors and officers.
