Comment: I understand there is an urgent need for housing, especially social housing, but this scheme, as previously mentioned, is far too big for the area. It's more suitable for a large town than Hampton Hill. The scheme is not in keeping with local character and we simply do not have the infrastructure in place to cope with this large development. I'm all in favour of building new homes, especially carbon zero ones, but it must be sympathetic to its local surroundings and residents. Hampton Hill is a lovely community, which is why I and others live here. Please don't put profit before people and the planet.
