Comments

Type of comment: Object to the proposal

Comment: As a resident of Hampton Hill I strongly object to the plans submitted for several reasons.

1. The development height is unacceptable, whilst I do not directly back onto the development the plans will have the buildings towering over a 3 storey building that is currently between me and the site, and looking directly into my property.
2. The proposal is not in keeping of the local area, in Hampton Hill we do not have buildings over 4 stories high, the excessive height they are looking for is unnecessary.
3. Why do we need such mass development here our doctors and dentists in the high street are already overrun, installing all these residential properties are just calling for an even further backlog/ overrun of our local services in Hampton Hill. Whilst I am not opposed to development as I believe the site needs it, this proposal is over the top in terms of density, size and height.
