Comment: With 114 Objections one would assume this would go before the Planning Committee in the unlikely event that LBRUT are considering approving this greedy, over bulky scheme. Whilst pleased it was not slipped in during the Summer break, Procrastination this long after the original decision date of March is creating a lot of insecurity amongst the residents of South Worple Way and those backing the site on the Upper Richmond Rd side. We see no sign of the developers being asked to reduce the scheme, so cannot understand what is taking so long...
