Comments

Type of comment: Object to the proposal

Comment: Despite councillors being apparently persuaded that height, mass and density of this development will not affect the local community, I disagree. This development cannot be supported by the existing road infrastructure, and will definitely affect local traffic/school issues in both Windmill Road, Holly Road, the High Street and beyond. I support those residents who will be overlooked by the height of this development, and the narrow access points. It will alter the whole character of Hampton Hill and its various conservation aspects.
