### Comments

**Type of comment:** Object to the proposal

**Comment:** I'm very disappointed to see this planning application being re-submitted in virtually unchanged form, ignoring all the objections made by local residents. Nobody is against the development of the business park but everybody objects to the height, mass and density of the proposal which will do great harm to the village character of Hampton Hill if allowed to go ahead in its current form. The size of this development is totally out of character with the neighbourhood, will overlook other peoples gardens, and lead to traffic problems in surrounding streets. It will reduce our quality of living dramatically!
