Address: 30 Windmill Road Hampton Hill TW12 1RH

Comments

Type of comment: Object to the proposal

Comment: The main reasons I object to the revised proposal are as follows:

1. The height of the development would overlook my property and occupants could look directly into my home, which is an invasion of my privacy.
2. The heights of the development would overshadow my property and result in a direct loss of light.
3. I already have to tolerate relatively high volumes of traffic on Windmill Road. causing congestion and cars regularly mounting the pavement to avoid collisions. This development will further increase the amount of vehicles using Windmill Road.
4. Parking on Windmill Road is not a residential parking zone and generally there is no space available to park my car close to my home. This development will increase the amount of vehicles parking on Windmill Road.
5. The extra traffic, especially cars waiting to navigate their way up, or down Windmill Road causing temporary road blocks, will increase the noise and disturbance to residents and also negatively impact the local air quality.
5. The local services, e.g. Hampton Hill Medical Centre are already stretched to breaking point and this development will increase the burden on all our local services.
