Comments

Type of comment: Object to the proposal

Comment: I wish to make an objection to the above proposal for several reasons :

- The development is five storeys, totally out of scale and all proportion to surrounding area and ages types of property
 - Parking in the area already difficult. Parking for High Street/ school is essential to sustain thriving local community. Extra parking cannot be accommodated.
 - Traffic will affect safety of residents, many elderly and young families and school.
 - Local amenities will be unduly stretched at a time of a cost of living crisis, together with pressure on all utilities.
 - Added noise and disruption will adversely change the village attraction of Hampton hill today
 - Parking and commercial use issues were not adequately addressed from previous application.
- 4 storey building on Windmill road is completely out of character and will totally overwhelm the road which is too narrow as are Holly Road and surrounding neighbourhood for such intrusion
