### Comments

**Type of comment:** Object to the proposal

**Comment:** I wish to object to this proposal in the strongest possible terms. The plans have not changed materially to those initially submitted, and in particular have taken no account of the impact on residents and the surrounding area.

The height of the development is totally out of character with the surrounding area, will dominate the skyline, overlook multiple gardens and current residences and block sunlight onto neighbouring properties.

Fundamentally a five storey building is in no way in keeping with the surrounding area and will change the character of Hampton Hill from a 2/3 storey residential area into something far more urban.

Having only recently moved into the area, it is the low rise housing, village feel and strong sense of community which are core to Hampton Hill and this proposal would literally demolish that.
